

## Occupancy Permit for GreenWings Offices building

Warsaw, 14 May 2014

GreenWings Offices has obtained a legally binding occupancy permit. The A-Class building located next to Chopin Airport at 17 Stycznia Street No. 48, is a BREEAM certified facility with "a very good" rating. Apart from its core office functions, it also one of the most advanced conference centres in Poland.

Starting from June, the first tenants will move in the office building, i.e. CFE Polska, Fagerhult, Tavola, Zespół Zarządców Nieruchomości and in the last quarter of the year – Goodyear Dunlop Tires Polska.

In his commentary, President of OKRE Development Ronnie Richardson stated among others: *"We have prioritized the highest quality standards of the Green Building Policy. GreenWings Offices turned out to be very attractive to tenants in each aspect, starting from the energy-efficiency to functionality and the utmost modernity."*
