PRESS RELEASE

GreenWings Offices rises from the ground

Warsaw, April 23, 2013

Today, the zero floor level of GreenWings Offices was completed in Warsaw. The ground level floor slab completed the construction of three-storey underground garage. As from now on the building upper floors will be more and more visible and GreenWings will become the architectural symbol of Warsaw Okęcie. GreenWings Offices, located on 17 Stycznia, next to Warsaw Chopin Airport, is a Class A office building pre-certified by BREEAM „very good”. GreenWings Offices will be ready for tenancy from June 1, 2014. General Contractor is CFE Polska.

For each real estate developer to achieve zero building level is an event. Ronnie Richardson, President OKRE Development said: *„It is a clear signal towards all of our partners that the construction of GreenWings Offices is progressing in accordance to schedule, fast and reliable”.*
